

# L400 End Of Life Notice

Posted on August 20, 2010

Dear L400 Customer,

In order to provide you with the best possible notice, so that you may plan your marketing and product development activities moving forward, LMI Technologies (LMI) is announcing the Last Time Buy (LTB) and End of Life (EOL) for the products shown in Table 1.

These products are available for sale at the published prices for 1 year from the Product Notice date up to and including the LTB dates. After the LTB dates these products will be fully supported for repair for the service period of 5 years from the LTB Date. The service period is an estimate which is based on component availability. Where components have become obsolete, LMI Technologies has done a last time buy to secure inventory. The EOL date is the final date of the service period.

Part Description	Part Numbers	Product Type	LTB Date*	Service Period	Replacement Product
DynaVision L400	30546	Sensor	September 1, 2011	5 years - to September 1, 2016	chroma+scan 2400 family
