

EyeCon 2000 End Of Life Notice

Posted on April 16, 2012

Attention EyeCon Customers,

In order to provide you the best possible notice to plan for your marketing and product development activities, LMI Technologies is announcing an End of Life (EOL) on the following selected products. These products are available for sale at the published prices from the date of this notice up to and including the Last Time Buy (LTB) date. After the LTB date, these products will be supported for repair for a service period of up to 5 years from the LTB Date. The service period is an estimate which is based on component availability. Where components have become obsolete, LMI Technologies has done a last time buy to secure inventory based on historical repair volumes.

Part Description	Part Numbers	Product Type	LTB Date	Service Period	Replacement Product
EyeCon 2200	30435	Sensor	December 31, 2012	Up to 5 years or December 31, 2017	Gocator 2300 series

LMI is aware that this may have an impact on your organization. We want to work closely with your company to review your product migration and help you to interface with LMI's newer generation products. Your Business Development Manager will be in contact with you to discuss this transition period directly and address any questions or concerns regarding these changes.

Best Regards,

Terry Arden
CEO
