

DLS2000A-LR Change in Measurement Range

Posted on October 22, 2015

Dear valued DLS2000A-LR customer,

This notice is to inform you that any DLS2000A-LR sensor sent in for repair will be recalibrated and returned with a measurement range reduced from 3000mm to 2000mm. As a result, returned sensors will cover a distance from 500mm to 2500mm.

We would also like to remind you that the DLS2000A-LR is no longer available for sale, and its service period will end on Dec 31st, 2018. See the table below for details.

Part Description	Part Numbers	Product Type	LTB Date	Service Period	Replacement Product
DLS2000A-LR	30069	Sensor	March 31st, 2014	Dec 31st, 2018	Gocator 1390* * Sensor MR 2000mm

TABLE 1 - Product(s) affected by this announcement and associated timelines.

LMI is aware that this may have an impact on your organization. To help make the transition easier, your Territory Manager is available to assist you with any questions or concerns you might have regarding the changes.

Best Regards,
Chi Ho Ng
Director of Product Management
