EOL: Gocator 2075 End of Life Notice

This is an End of Life (EOL) product notice for the Gocator 2075 sensor.

LMI announced the EOL of the Gocator 2000 series in March 2016. Since then LMI has continued to support the Raute OEM Gocator 2075 sensor in order to support a smooth transition to the next generation Gocator 2375 sensor. It is now necessary to complete this transition due to obsolescence of the Gocator 2000 product line.

Gocator 2075 sensors are available for sale at the published price from the date of this notice up to and including the Last Time Buy (LTB) date below.

The end of service date below is an estimate based on component availability. Where components have become obsolete, LMI Technologies has completed a last time buy to secure inventory based on historical repair volumes.

Part Description	Part Number	LTB Date	Estimated End of Service	Replacement Product
Gocator 2075	332075-3B-N-54	June 30, 2020	June 30, 2023	322375C-3B-N-01-T
Note: The service period of repaired devices ends on the End of Service date indicated above.				

The above information is effective immediately. If you have any questions, please contact contact@lmi3d.com or your LMI account manager.
