EOS: Gocator 3210A, 3506A and 3520A End of Service

This is an End of Service (EOS) product notice for the Gocator 3210A, 3506A and 3520A. This serves as a follow up to the EOLs established in the [3210/3506 product change notification](#) and the [3520 product change notification](#).

As communicated in the previous notices, any 3210/2506/3520A sensors returned for repair after the EOL date indicated will not change version where possible, except in cases where obsolescent components need to be replaced.

The new end of service dates below are estimates based on component availability. Where components became obsolete, LMI has completed a last time buy to secure inventory based on historical repair volumes.

The replacement products are the Gocator 3210B, 3506B and 3520B, which have the same or better performance and physical specifications as the A hardware versions.

Part Description	Part Number	LTB Date	End of Service
Gocator 3210	313210A-LED-B-01-S	Aug 1, 2023	Aug 1, 2025
Gocator 3506	313506A-LED-B-01-S	Aug 1, 2023	Aug 1, 2025
Gocator 3520	313520A-LED-B-01-S	July 1, 2024	July 1, 2026

The above information is effective immediately. If you have any questions, please write to contact@lmi3d.com or contact your LMI Account Manager.
